Welcome to FridgTrackr!

An application to help you waste less food and always know what's in your fridge.

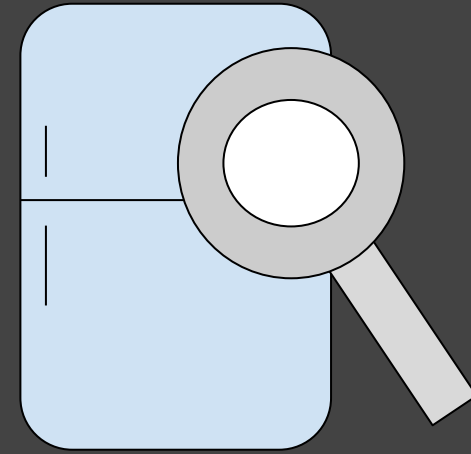

FridgTrackr

- **What it does:**
 - Track food stock
 - Store recipes
 - Keep grocery list
- **Motivation:**
 - We were tired of never having anything to eat in our kitchens and wasting money on food going bad
- **Items:**
 - Food
 - Name, quantity, expiration, favorites, leftovers
 - Recipe
 - Name, ingredient list
 - Grocery
 - Names, quantity

FridgTrackr

- **Evaluation results:**
 - Quantitative and qualitative measurements
 - Time taken and extraneous clicks were low
 - Survey results were positive with some helpful feedback
 - From feedback:
 - Definitely adding “import” button
 - Considering removing some features to help improve Ockham’s Razor (principle of parsimony) of our design
- **Where to go from here:**
 - Complete functionality
 - Provide nutritional info
 - Suggest new recipes
